*** So long as pre-reqs (*-ed courses) are satisfied, students with B.A. degrees may also enter the M.S. program [#] PHY 321 is a pre-requisite for MAE 321, so students graduating in odd-numbered years must take MAE 321 in their senior year

PHY 3XX/4XX courses, except PHY 311, 331, 431, & 476, are offered in alternate years, so students graduating in odd-numbered years follow a program with the 3rd and 4th years of PHY courses interchanged.
